Escalation of sanctions on Russian entities, a changing sanctions landscape in Africa and possible new sanctions approaches in Venezuela present unique challenges to policymakers and to Emerging Markets investors. What has changed and what may be around the corner? This will be a unique opportunity for you to ask questions on how sanctions work generally, as well as their effect on the aforementioned countries.

Additional support provided by BancTrust.

This event is not open to the media, and is off the record.

This Seminar is part of a continuing series of panels and presentations that EMTA is pleased to sponsor on various topics of interest to Emerging Markets investors and other market participants and is part of EMTA's Legal & Compliance Seminars*.
